Gap Fire Repairs Continue; Dust will be Visible

Work is continuing around the area of the Gap Fire to repair damage caused by fire suppression actions. Heavy equipment is being used and clouds of dust will most likely be seen from surrounding areas. The work is being supervised by the U.S. Forest Service and is scheduled to continue for the next two to three weeks. This work is important for erosion control.

For further information, contact the Los Prietos Ranger Station at (805) 967-3481 or Los Padres National Forest Headquarters at (805) 968-6640.
