Mr. Novo,

We have concerns about the GPU4 and whether it is an adequate plan for the future of Monterey County. It appears that the DEIR reveals errors and omissions that require additional study.

The Community General Plan seemed to address more accurately the wishes of the population. Public Workshops involving hundreds of people were fruitful, yet that information and assessments seem to have been ignored.

The DEIR is flawed and needs to be rewritten. We who live here are following our supervisors actions closely and are hoping that they realize a more close scrutiny is necessary.

Sincerely,

*Manny Garcia*
