September 15, 2020 9:15 p.m. Wildfire activity can change quickly and so evacuation warnings and orders may also change at any time. Click here for an interactive map of Monterey County evacuations. To receive emergency notifications regarding evacuations and critical events in Monterey County please sign up for Alert Monterey County.

PNW2 went into unified command with CalFire at 18:00 on 9/13. The CalFire Incident Commander is Assistant Chief, George A. Nunez Jr. Fort Hunter Liggett is also in unified command, with Jeff Mannetti, Incident Commander.

On the inland portion of the fire shading from upper level smoke continues to moderate fire behavior. Any thinning of the smoke layer leads to increased fire growth and activity, especially when southerly winds align with topography. On the coastal side of the fire, the persistent marine layer has minimized fire behavior. Saturday night into Sunday (9-13) interior islands continued to burn throughout the night west of the Nacimiento Road near Nacimiento campground, as well as in Division S west of DP 72.

Since much of the fire activity has shifted east and southeast, the incident command post is re-locating to King City, CA. This will reduce travel and put support personnel closer to firefighters on the line. Work does continue along the Highway 1 corridor, including strategic burnouts to tie fire lines to Highway 1 in the southwest corner of the fire area. In the Arroyo Seco area bulldozers are working to reopen old fire lines on high ridge tops to protect communities to the north and east of those lines. Heavy helicopters have been dropping water on the leading edge of the fire near Arroyo Seco to slow its spread and allow time for the preparation of indirect control lines and structure protection.

Two of the three firefighters hospitalized after a burn-over on September 8th were released on the 9th. The third is in stable condition and still receiving treatment. An accident investigation is currently being conducted.

The Dolan Fire is now over 119,000 acres and is 40% contained. Pacific Northwest Team 2 has extended its time on the fire to a 21-day assignment. A portion of CA Highway 1 remains closed because of fire activity and rocks and other debris rolling onto the highway.

- For information about state highway closures click here.
- Click here for an interactive map of Monterey County evacuations.
**Size**: 122,178 Acres

**Percent of Perimeter Contained**: 40%

**Estimated Containment Date**: Monday September 28th, 2020 approx. 12:00 AM

**Significant Events**: Extreme, Short Crown Runs, Uphill Runs, Wind Driven Runs

**Narrative**:

AS THE MARINE LAYER RETREATED, FIRE BEHAVIOR INCREASED AS THE SOUTHWEST WINDS SET IN. WITH LOW RELATIVE HUMIDITY VALUES AND POOR RECOVERIES ABOVE THE MARINE LAYER, FUELS REMAIN AVAILABLE FOR ACTIVE BURNING DAY AND NIGHT. FIRE BEHAVIOR INCREASES RAPIDLY WITH ANY CHANGES IN WIND AND/OR TOPOGRAPHY. THE DOLAN FIRE FOOTPRINT COVERS A LARGE AREA WITH COMPLEX TOPOGRAPHY, VARYING VEGETATION TYPES AND NUMEROUS LOCAL WEATHER FACTORS THAT HAVE BEEN INFLUENCING FIRE BEHAVIOR. INLAND, ACTIVE UPHILL RUNS AND SPOTTING ARE COMMON, ESPECIALLY WHEN WINDS ALIGN WITH TOPOGRAPHY. ANY SPOTS OVER CONTROL LINES GROW RAPIDLY AND ARE A CHALLENGE TO FIREFIGHTING RESOURCES. ON THE COASTAL SIDE OF THE FIRE, THE PERSISTENT MARINE LAYER HAS MINIMIZED FIRE BEHAVIOR BUT FIRE WEAKENED TREES AND ROLLING MATERIAL CONTINUE TO BE A SAFETY CONCERN

**CARE AND SHELTER**

- For Dolan Fire evacuees who must head south, there is a Red Cross line for emergency shelter: 805-788-2307. This phone number is for housing needs only and does not provide any fire information.
- For those leaving Dolan Fire zones and want to shelter in their RVs, there is limited space available at the Salinas Valley Fairgrounds, 625 Division Street in King City. Please check in at the Administrative Office or call 831-385-3243.
- An Evacuation Center is open at the King City Library (402 Broadway St, King City, CA 93930). Open 10am to 6pm daily until no longer needed.
COVID-19 - TO VIEW THE GRAPHS THAT WERE PREVIOUSLY FEATURED IN THE DAILY SITUATION REPORT PLEASE VISIT THE HEALTH DEPARTMENT WEBSITE HERE.

Novel Coronavirus is an outbreak of respiratory disease caused by a novel (new) coronavirus that was first detected in China and which has now been detected in more than 100 locations internationally, including in the United States. The virus has been named “SARS-CoV-2” and the disease it causes has been named “coronavirus disease 2019” (abbreviated “COVID-19”). All data is developed by the Health Department. For questions, comments, and concerns, call 831.769-8700 or 831.755.4521 or email covid-19@co.monterey.ca.us.

Note: Data includes records processed and de-duplicated from the backlog of reports associated with the statewide surveillance system’s lab routing issue. The data cleaning process is ongoing locally. Data will be adjusted as case interviews are conducted and additional laboratory reports are received. Therefore, data should be interpreted with caution.

SIGNIFICANT EVENTS
This is a timeline of International, domestic, and Local significant events related to COVID-19 and the River Fire. All new information will be highlighted at the top.

- September 5, 2020 – Carmel Fire and River Fire 100% Containment.
- August 28, 2020 – California has a new blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities. Find out how businesses and activities can open in counties statewide beginning on August 31.
- August 18, 2020 – Carmel Fire and Dolan Fire start.
- August 18, 2020 – Monterey County Board of Supervisors ratified a proclamation of the existence of a local emergency due to the River Fire. Fire at 10% containment.
- August 17, 2020 – Governor Gavin Newsom secured a Fire Management Assistance Grant (FMAG) from the Federal Emergency Management Agency (FEMA) to help ensure the availability of vital resources to suppress the River Fire burning in Monterey County. More information.
- August 17, 2020 – Evacuation warnings issued to the surrounding communities. Evacuation Center at Buena Vista Middle School and Carmel Valley Library closed. Evacuation Center at Toro Park School Opens.
- August 16, 2020 – Evacuation Centers opens at Carmel Valley Library and Buena Vista Middle School.

- July 13, 2020 - Governor expands the closure of indoor operations in Monterey County. ALL counties must close indoor operations in these sectors: Dine-in Restaurants (indoor); Wineries and Tasting Rooms (indoor); Movie Theater (indoor); Family Entertainment Centers (indoor); Zoos and Museums (indoor); Cardrooms (indoor); Closure of all brewpubs, breweries, bars, and pubs (indoor and outdoor). More information.
- July 8, 2020 - The State Health Officer has issued an order for Monterey County which imposes new restrictions; order requires some businesses and activities to move their activities outdoors and some businesses to close completely. More Information.
- July 2, 2020 - California Department of Public Health Officials placed Monterey County on the COVID-19 County Data Monitoring Project watch list in response to elevated disease transmission as indicated by Monterey County exceeding the state’s 14-day case rate threshold of 100 cases per 100,00 residents and by exceeding the state’s threshold for percent change in 3-day average COVID-19 hospitalizations. More Information.
- June 12, 2020 - Charter Boat operators may begin. More information.
- June 11, 2020 - Monterey County Health Officer Rescinds Short-Term Lodging Order. More Information
- June 11, 2020- Monterey County Health Officer Rescinds Short-Term Lodging Order. More Information

DAILY SITUATION REPORT

MONTEREY COUNTY OPERATIONAL AREA
MONTEREY COUNTY OPERATIONAL AREA

• May 25, 2020 - California Department of Public Health announced the statewide reopening of places of worship for religious services.
• May 1, 2020 The Monterey County Health officer amends and extends Shelter-in Place Order. More Information.
• April 28, 2020-Monterey County Health Officer issues mandatory face covering. More Information.
• April 14, 2020 – Monterey County Op Area EOC Announces Alternate Care and Alternate Housing Sites. More Information.
• April 6, 2020 – Monterey County Op Area EOC elevated activation level to Level 1.
• April 3, 2020 – Monterey County Health Officer Reissues the Shelter in Place Order with added restrictions. More Information.
• April 1, 2020 - California Department of Public Health releases Face Coverings Guidance. More Information.
• March 21, 2020 – First fatality due to complications from COVID-19 in Monterey County.

DAILY SITUATION REPORT

• March 19, 2020 - Governor Newsom issues a Shelter In Place Order to protect the health and well-being of all Californians and to establish consistency across the state in order to slow the spread of COVID-19.
• March 18, 2020 – Monterey County Op Area EOC elevated activation level to Level 2.
• March 18, 2020 - Monterey County Jail Visitation Suspended
• March 17, 2020 – City of Salinas and Sand City proclaim the existence of a local emergency.
• March 17, 2020 – The County of Monterey Health Officer has issued a Shelter-in-Place Order effective at 12:01 a.m. on March 18, 2020 and will continue to be in effect until 11:59 p.m. on April 7, 2020, or until it is extended, rescinded, superseded, or amended in writing by the Health Officer.
• March 17, 2020 – First two confirmed cases of COVID-19 in Monterey County.
• March 16, 2020 – Cities of Del Rey Oaks, Gonzales, Greenfield, King City, and Soledad declared local emergencies.
• March 16, 2020 – Monterey County schools & libraries temporarily closed.
• March 13, 2020 – Diamond Princess Cruise Ship passengers quarantined in Asilomar Hotel, Pacific Grove while undergoing testing.
• March 13, 2020 – Cities of Seaside, Marina, Monterey, Carmel & Pacific Grove proclaim emergencies.
• March 13, 2020 – President Declares a National Emergency.
• March 12, 2020 – Governor Newsom issue Executive Order EO-N-25-20.
• March 6, 2020 – Monterey County Public Health begins testing for COVID-19.
• March 6, 2020 – Monterey County Proclaims Emergency (Approved by Board of Supervisors March 10, 2020).
• March 4, 2020 – California Proclaims Emergency.
• March 4, 2020 – First COVID-19 death in California.
• March 3, 2020 – CSUMB/ Monterey Peninsula Regional Emergency Operations Center activated to lowest level.
• March 3, 2020 – Monterey County’s Health Department Operations Center (DOC) Activated.
• March 2, 2020 – Monterey County Emergency Operations Center (EOC) Activated to Level 3 (lowest).
• February 28, 2020 – First case of community spread in California.
• February 4, 2020 – USA declares public health emergency; travel restrictions put in place.
• January 30, 2020 – World Health Organization (WHO) declares public health emergency of international concern.
• Jan 26, 2020 – First confirmed case in California.
• December 31, 2019 – First confirmed case of COVID-19 in Wuhan, China.
Governor Gavin Newsom today unveiled the Blueprint for a Safer Economy, a statewide, stringent and slow plan for living with COVID-19 for the long haul. The plan imposes risk-based criteria on tightening and loosening COVID-19 allowable activities and expands the length of time between changes to assess how any movement affects the trajectory of the disease.

Like every aspect of California’s response, data and science are the North Star, and as a result, this new framework makes a number of changes to the state’s previous resilience roadmap.

Californians can go to covid19.ca.gov to find out where their county falls and what activities are allowable in each county.

“This Blueprint is statewide, stringent and slow,” said Governor Newsom. “We have made notable progress over recent weeks, but the disease is still too widespread across the state. COVID-19 will be with us for a long time and we all need to adapt. We need to live differently. And we need to minimize exposure for our health, for our families and for our communities.”

The Blueprint builds on lessons learned from the first six months of the disease – and the new scientific understanding that has been collected – to create a new system for regulating movement and COVID-19 transmissions. It includes:

1. At least 21 days to expand activities beyond the initial tier to ensure California better limits the spread of the virus;
2. Mandatory metrics – case rates and test positivity – to measure how widespread COVID-19 is in each county and guide what is allowed;
3. A uniform state framework, with four categories instead of 58 different sets of rules;
4. A more nuanced way of allowing activity: Instead of open vs. closed, sectors can be partially opened and progressively add to their operations as disease transmission decreases; and
5. A new process for tightening back up again quickly when conditions worsen.

The updated guidance can be found at https://covid19.ca.gov/.
