Health Advisory

January 20, 2021

From: Edward L. Moreno, MD, MPH
     Health Officer & Director of Public Health
     831-755-4585

Kristy Michie, MS
     Assistant Director of Public Health
     831-755-4503

New State Portal for Providers to Register to Receive COVID-19 Vaccine Distributions

As more COVID-19 vaccine becomes available, Monterey County Health Department prepares to enter into Phase 1b which prioritizes high risk individuals and frontline essential workers. This can only be successful by expanding vaccine administration in partnership with community health care providers. Providers that wish to receive vaccine distributions to administer to health care workers and ultimately to patients can register to receive vaccine by enrolling in the California Department of Public Health (CDPH) vaccine program called CalVax. Directions on how to prepare for a vaccine distribution and how to apply for CDPH approval to receive vaccine directly from Pfizer or Moderna can be found at: https://eziz.org/covid/enrollment/.

Medical providers who have additional questions may call 831-755-4521. Due to the high volume of calls being received, Health Department staff will return your call as soon as possible.
