Re: Highway 218 Access

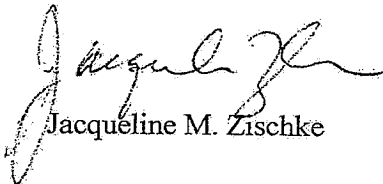

Dear Ms. Robinson:

This letter confirms our request, and please let this letter serve as a formal written request, that the County consider a shift in the access for the York Highland Resubdivision from York Road to Highway 218.

The road configurations on the subdivision map have not changed, and with the change in access there would not be any encroachment into the Caltrans right of way. Therefore, in response to Chad Alinio's question yesterday, it is not necessary to change the condition to provide for any Caltrans encroachment permit, but rather the conditions of approval relating to improvements at York Rd/Hwy 68 entrance would be eliminated.

We understand that you will be preparing your staff report for Board of Supervisors hearing on February 7, 2012. I will let you know once I confirm a meeting with Les Girard, and will follow up with you tomorrow after your internal staff meeting.

Sincerely,

Jacqueline M. Zischke
