**Subject:** Re: Data Request from ECG Consultants

Good Afternoon Carla;

Please excuse the delay, as I was out of the office last week. I am the right individual for your request of copies of EMS patient care reports for the last two years.

The EMS Agency is unable to honor this request, primarily because these documents contain protected health information and because the EMS Agency is not the custodian of these records. Each ambulance provider maintains its own records. While the EMS Agency accesses those records for quality improvement purposes, we are not authorized to release those records.

I hope you're enjoying the end of the Spring and anticipating a nice summer.

Best,

Michael

**Subject:** Data Request from ECG Consultants

Good afternoon Mike,

We continue to work with Mr. John Lutz from ECG Consultants for the feasibility study for ambulance service in Monterey County. They are requesting the following data from the EMS agency:

- Most recent 2 years of PCR's with personal information redacted

John informed me that they can get you a NDA or BAA if needed. Please let me know what else we need to do or if the request should go to another individual.

Thank you so much. Hope you had a lovely holiday weekend.

Warm regards,

*Carla*
