

Monterey County EMS System Policy

Policy Number: 2030
Effective Date: 7/1/2018
Review Date: 6/30/2021

SCOPE OF PRACTICE-PUBLIC SAFETY FIRST AID

I. PURPOSE

To define the scope of practice for firefighters and law enforcement personnel trained under requirements established in California Code of Regulations, Title 22, Division 9, Chapter 1.5 in Monterey County.

II. POLICY

- A. Public safety personnel shall adhere to the Monterey County Public Safety First Aid scope of practice while functioning with a Monterey County fire or law enforcement agency, unless a different scope of practice is allowed due to EMR, EMT, or paramedic training and employment.
- B. The scope of practice of public safety first aid personnel shall not exceed those activities authorized in California Code of Regulations, Title 22, Division 9, Chapter 1.5, and by Monterey County EMS policy.
- C. Only those individuals with public safety first aid training may function under this policy as part of the Monterey County EMS system.

III. SCOPE OF PRACTICE

- A. The public safety first aid provider is authorized to do any of the following:
 - 1. Render basic life support, rescue, and first aid to patients according to Monterey County EMS policy and protocol.
 - 2. Obtain diagnostic signs including pulse and respiration rates, and level of consciousness.
 - 3. Evaluate the ill and injured.
 - 4. Perform CPR.
 - 5. Provide basic treatment for shock.
 - 6. Use manual airway opening methods, including head-tilt chin lift and/or jaw thrust to support breathing.
 - 7. Manual methods to remove an airway obstruction in adults, children, and infants.
 - 8. Use the recovery position.
 - 9. Perform spinal motion restriction.
 - 10. Splinting of extremities through the use of simple splints.
 - 11. Emergency eye irrigation using water or normal saline.

12. Assist with the administration of oral glucose.
13. Assist patients with administration of physician prescribed epinephrine devices and naloxone.
14. Assist in emergency childbirth
15. Hemorrhage control using direct pressure, pressure bandages, and tourniquets.
Hemostatic dressings may be used from the list approved by the EMS Authority.
16. Utilize chest seals and dressings.
17. Simple decontamination techniques and use of decontamination equipment.
18. Care for amputated body parts.
19. Provide basic wound care.
20. Use intranasal naloxone when trained according to Monterey County policy and employed by an organization approved by Monterey County EMS Agency to use intranasal naloxone.
21. Use an AED when employed by an approved public safety AED service provider.
22. Self-administer or administer to other Fire, Law Enforcement, and/or EMS personnel 2-PAM and Atropine by auto-injector (Mark 1 kit).
