Director’s Report – June 28, 2018

- We have been very active with Mental Health Awareness Month conducting community outreach events.

- The new Bridge House opened in Marina.

- Manzanita Monterey is now opened and serving clients. This expands our crisis residential services. This program is focused on helping people who struggle with mental health and substance use disorders.

- Our school-based staff presented in the 38th annual California Mental Health Advocates for Children and Youth (CMHACY) Conference on our model of providing student mental health. The presentation was well received to a standing room only audience.

- We involved our Success over Stigma leaders in the May is Mental Health Month resolution.
