FLOOD ZONE REPORT REQUEST FORM

FLOOD ZONE REPORT REQUESTS

The Monterey County Water Resources Agency (MCWRA) provides map information services to anyone in need of flood hazard information. This public service is particularly helpful to those who need information from the community's FEMA Flood Insurance Rate Maps (FIRM) in a report format. Upon request, the MCWRA can prepare a flood zone report for your property. The cost for the service is \$83.00 and for this fee you will receive a report with all of the following flood hazard information:

- a) Whether the property is in a FEMA Special Flood Hazard Area (SFHA),
- b) The community number,
- c) The panel number and suffix,
- d) The date of the FIRM's index (cover panel)
- e) The FIRM zone, e.g. A, C, X, V, AE, AO, VE, etc.,
- f) The base flood elevation (the depth in AO zones) where shown on the FIRM,
- g) The elevation datum used on the FIRM,
- h) If the area has been flooded in the past, the location of a nearby high-water marks, whether the property is in a mapped repetitive loss area, and,
- i) A high-resolution Digital FIRM prepared by the community's National Flood Insurance Program official

Or for no charge, you can search your address and view the FEMA National Flood Hazard Layer and FIRMs for your property by visiting <https://hazards-fema.maps.arcgis.com/apps/webappviewer/index.html?id=8b0adb51996444d4879338b5529aa9cd>
