Dear Honorable Judge Hulsey:

The 2017-2018 Monterey County Civil Grand Jury Final Report, “School Boards Make a Difference, Improving Education: The Role of Local School Boards,” focuses on the critical role school boards play in shaping their school districts. This report is a Final Report for the purposes of Penal Code section 33. The Greenfield Union School District must submit comments on the report within ninety (90) days following its transmittal. Our District is responsible for findings F1-F8 and Recommendations R1-R6.

The Greenfield Union School District concurs with the Grand Jury Report that improving student achievement requires full public attention of the community. Please find below the Greenfield Union School District’s responses to the recommendations.

FINDINGS

F1. Student achievement suffers when school districts are unproductive or dysfunctional. It can be very costly and take years to address problems if the Monterey County Office of Education and/or California Department of Education have to step in to support or save a school district.

Response: The Greenfield Union School District agrees with this finding and has taken a concerted effort to establish systems in our organization to ensure student achievement is of utmost importance. The Greenfield Union School District has made exceptional effort to establish and approve the following in 2017-18:

- Organizational Systems of Professional Learning Communities to increase student achievement
- Essential Common Core Standards, Common Assessments, Data Analysis reports and approved Data Action plans to respond to data routinely, frequently, and systematically
- Reorganize the Organizational Structure districtwide to ensure functional school systems and departments
- Invest in Technology, Makerspaces, Instruction, Curriculum, Intervention, and Enrichment programs
- Adopt the Google Applications for Education suite to enhance student’s technological skills
- Clear articulation between elementary and middle school and high school course offerings and pathways to ensure college and career success in the postsecondary world for ALL our students
