Definition:

An unusual incident is an event or occurrence that poses a risk:

1. To the health and safety of a Monterey County Behavioral Health (MCBH) client, staff, contractor; and/or the general community due to an MCBH related incident or event;
2. To MCBH and other County property;
3. To other property resulting from the acts of MCBH staff or contractors or from the use of MCBH property; and
4. To MCBH information systems and data, including but not limited to, client protected health information.

Unusual incidents include, but is not limited to, sentinel events ([MCBH Policy 146 – Sentinel Events](#))

Policy

It is the policy of Monterey County Behavioral Health (MCBH) that all unusual incidents/occurrences must be reported to the appropriate unit supervisor, services manager, or MCBH administration staff as soon as reasonably possible, but no later than 24 hours of the incident. However, if the incident occurs at the end of the County business week (e.g., on Friday or the day preceding a holiday), the report must be made prior to the end of that business day. The initial report can be verbal (e.g., face-to-face, telephone) or written (e.g., email).

This initial report must be followed by a written report utilizing the applicable Monterey County Health Department (MCHD) Special or Unusual Incident Report forms (see attachments) sent to the MCBH Director's office and to

24 the MCBH QI Team. The Special or Unusual Incident Report (Report) must be received by the MCBH Director's
25 office and the MCBH QI Team no later than 24 business hours after the incident. The Report can be faxed MCBH
26 Director's office and to the MCBH QI Team. It can also be sent as a scanned attachment only if it is sent through
27 the MCBH email system. Outside providers not utilizing the MCBH email system must fax the Report.
28

29 Reports generated by MCBH direct staff are confidential attorney-client communications and are, as a result,
30 privileged information and need to be identified as such. *Guidelines regarding privileged information do not apply*
31 *to MCBH contract providers.* However, Reports regarding Sentinel Events (see MCBH Policy 146 – Sentinel
32 Events) are covered by the confidential quality improvement process and are subject to quality improvement
33 confidentiality (see California Evidence Code 1040, 1157, 1157.5, and 1157.7).
34

35 This policy is a Monterey County Behavioral Health (MCBH) specific addendum to Monterey County Health
36 Department Policy 20-3 – Special and/or Unusual Incident Reports. Please also refer to the [MCBH Policy 146 –](#)
37 [Sentinel Events](#) in relation to this policy. The provisions of this policy are applicable to both MCBH direct staff and
38 contract providers. Adherence to this policy does not excuse providers and/or programs from fulfilling any other
39 type of reporting mandated by any additional relevant policies and by State and Federal laws and regulations.
