BRENT BUCHE
GENERAL MANAGER

STREET ADDRESS
1441 SCHILLING PLACE, NORTH BUILDING
SALINAS, CA 93901

January 28, 2020

To whom it may concern:

The Monterey County Water Resources Agency (“MCWRA”) will soon be forming a technical advisory committee (“TAC”) to discuss San Antonio and Nacimiento Reservoirs operations during periods of drought. The TAC is open to all interested stakeholders, but is limited in attendance to third party experts with expertise in hydrology, hydrogeology, hydrological modeling, civil engineering, or fisheries biology. The experts may be retained by any interested person or organization. MCWRA will soon make an application packet available so that all interested parties may apply to join the TAC.

The first meeting of the TAC is scheduled for May 8, 2020 to develop standards and guiding principles for managing the operations of the Reservoirs during a multiple year drought. Please contact Misti Muramatsu by phone at (831) 755-4860 or by email at officeassistantII@co.monterey.ca.us for more information, and you will be advised when the application packet becomes available.

Sincerely,

Brent Buche
General Manager
