Key points and discussion of the presentation topics made by County Counsel were:

- Review of purpose of the Advisory Board
- Members are tasked to review and evaluate the Animal Control Program (ACP) regarding needs/services. MCASAB members are limited to evaluation of ACP but "you can’t make changes simply because you have evaluated them or because you think something should happen". MCASAB members can make recommendations, and can advise.
- Recommendations should be made in areas where members have expertise.
- Board of Supervisors make policy, the Advisory Board does not.
- Health Department (HD) makes policy in the Animal Services Division of the Environmental Health Bureau.
- MCASAB recommendations are sent to Health Director, Ray Bullick, who reviews recommendations and may report to board of supervisors based upon his review.
• Chair of MCASAB is Ex officio of all MCASAB committees.
• MCASAB officers hold office for one year from election or until filled through election by members.
• MCASAB special meetings only require 24 hours notice

• Mtyhd.org/pets is the link to the county webpage.
• Request by John Ramirez for members to send him any copies of old agendas or minutes for posting onto the web page.

D. Received a report on the status on the rooster ordinance
Report provided by John Ramirez, Director of Environmental Health Bureau (EHB).
• Ordinance development is a county process
• Meetings are set up with Monterey County Resource Management Agency (RMA) staff (Planning) to discuss ordinance development and key points to be included. This is because the original ordinance referral was for a zoning ordinance.
• RMA proposed Title 8 amendments rather that zoning. This may result in a specific section on rooster keeping in Title 8.
• Amendments would require registration of more than 4 roosters with requirements to keeping roosters on properties. Inspections for non compliance would be required to address any violations.
• Exemptions would be granted through Agricultural Commissioner's office who would certify legitimate poultry operations, breeders, 4 H etc.
• Steps include preparation of ordinance, county counsel review, meeting with stakeholders including MCASAB for input and presentation to board of supervisors in public hearing.
